

A MEMS & Sensors Industry Group® Enterprise

December 9 and 10, 2015

FINAL ATTENDEE DETAILS

Transportation from airport

- From the airport to either the Reunion or the Nicholson, if you're not renting a car, the least expensive mode of transportation is the Super Shuttle. They offer private transfers and it is a less expensive option than a shared airport huttle. It is less expensive than a town car/limo or cab, but as a shared ride it may take a bit longer depending on how many other passengers they are transporting to other locations. Click [here](#) for information and to reserve your ride.
- If you would like a private car to pick you up, [Achcar Transportation Services](#) is recommended. Call 407-398-2250 or e-mail reservations@achcartransportation.com.
- Uber is not able to pick up from the airport but they can be used to drop you off.
- If you are driving, see location information under Venues below.

Venues

- The December 9 & 10 Summit will be held at the Florida Hospital Nicholson Center; click [here](#) for directions.
- The December 9 Reception and Dinner will be held at the Reunion Resort; click [here](#) for directions.

Getting to the Summit

- For those staying at the Reunion Resort, we have arranged for a couple of buses to transport attendees to the Nicolson Center on December 9 and 10. **Details about timing and location to catch the buses will be provided when you check in to your room.**
- If you are driving, see directions above. Parking is plentiful and free.

Summit Registration and Breakfast

- Registration and breakfast will start at 7:15 am. The facility will be open by 7:00 am if you are driving and want to check in a bit earlier.

December 9 Dinner

- The dinner will be held at the Reunion Resort. The buses will be picking up at the Nicholson between 4:30 pm and 5:00 pm at the Nicholson Center to take attendees back to the Resort.
- If you have registered for the dinner please check the monitor at the Reunion for the location. There will also be signage. **If you have special requirements and haven't yet informed us please do so now.**

Agenda
